

Competency Matrix

Clobotics' repair team has over 25 years of experience worldwide and a huge knowledge of materials and spare parts.

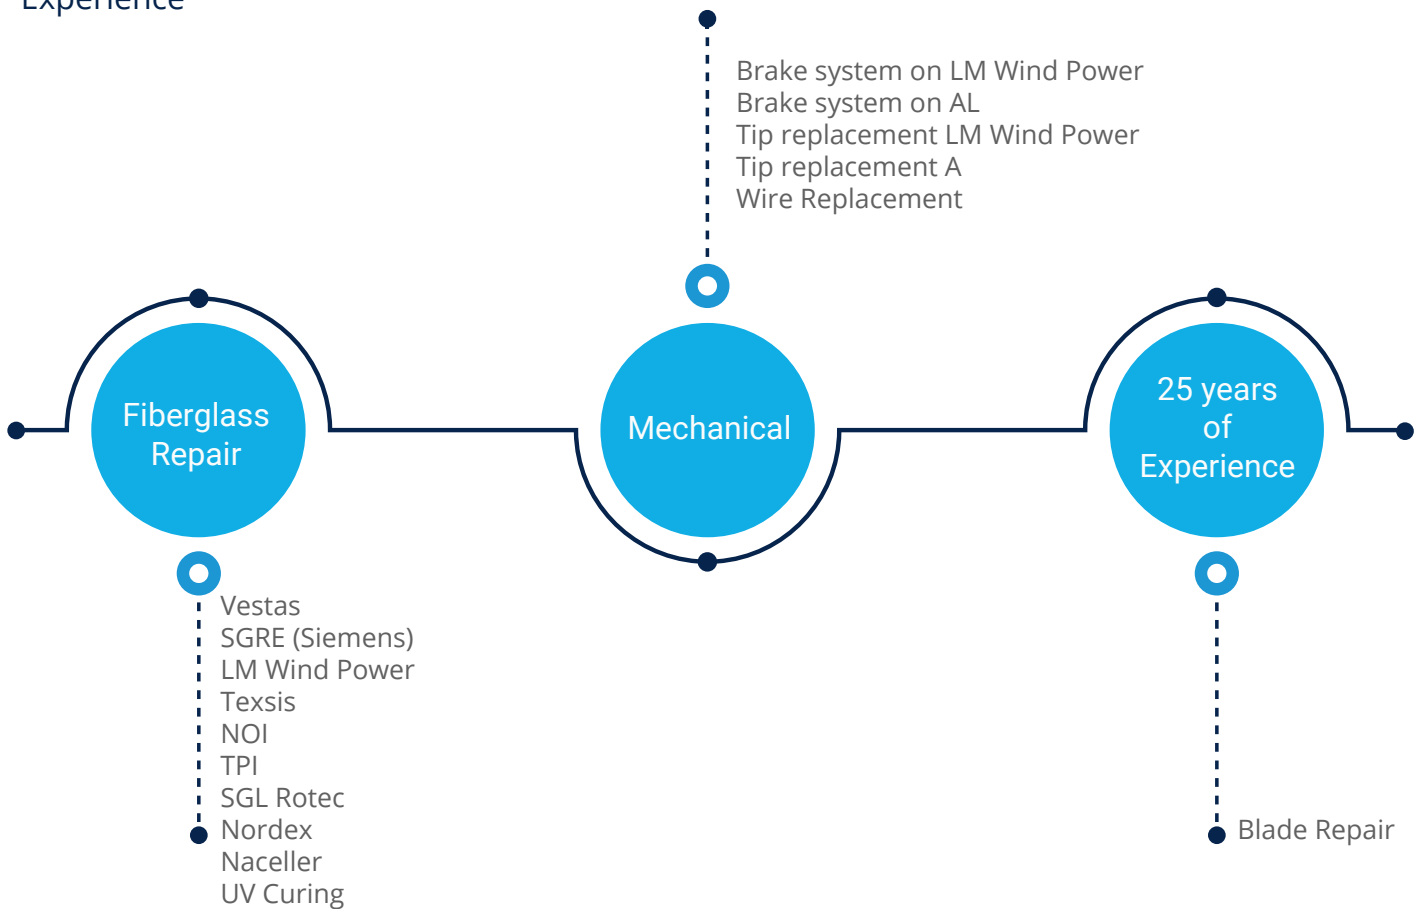

Clobotics have extensive experience on the majority of the Blade types that can be found in the field. The list of certified technicians inhouse is long, but should you have a blade repair assignment for a blade that isn't on the list we are happy to take on the challenge and get our technicians trained.

	Turbine Type Scope	Blade Type Scope
VESTAS	V 44 ↔ V 164	V 44 ↔ V 164
